MEMORANDUM FOR: Project Monitors for the [REDACTED] Electronic Rectifier STATINTL
SUBJECT: Accessory Equipment for [REDACTED] Rectifier STATINTL

1. Our company technical representative for the rectifier has said that the oscilloscope and other equipment listed in paragraph 2 is necessary for the daily set-up and operation of the rectifier. Since delivery time is about three to six months it is recommended that the oscilloscope be ordered well in advance of the expected delivery date of the rectifier.
